

Dear Dr. Keller,

I want to take this opportunity to thank you for your help in salvaging my teeth & gums. The work was extensive and required 6 separate surgeries. I was extremely gratified to find out that stories of gum surgery are greatly exaggerated. I can honestly state that the most painful part of the procedure was the novocaine injection. If I had to rate that pain on a scale of 10, I would give it a "3". The professionalism of yourself and staff did a lot of to reduce any anxiety I might have had. Your caring manner did reassure me that, if any problems arose, I would be able to get in touch with you.

Once again, thanks for your patience in getting my teeth and gums healthy.

I would not hesitate to recommend you to anyone needing gum surgery.

Sincerely,

Kathy Musgrave
